

2021 AMS/ACSM Users Meeting AMS Clinic Overview

Friday Jan 22, 10:00 – 11:30 (EST)

Donna Sueper

New in Squirrel and Pika, v1.64, v1.24

- Progress Bars
- Additional graph, details in m/z calibration panel
- Aerosol data base file creation

Spring 2021

- EAIM interface (joint project with CU)
- Igor 9

Review Topics (dependent on user input)

- Igor versions & how to upgrade
- Review of aerosol data bases & new tool
- Review of frags and families
- Adding exotics ions (Br, ClO₄, etc) to Pika & family, species discussion (credit to Pedro Campuzano-Jost) (comment: this functionality will be uploaded to the Aerodyne Knowledge Base in January 2021)
- Exporting data to PMF (comment: during the meeting time ran out before this happened)
