Logistical issues

- Introductions around the room
- New password for DAURE SFTP site
 - Like previous one, but with 1 and 2 reversed
 - Do not use regular FTP, it doesn't work, and it sends password as text over internet
- Date for 3rd meeting?
 - Decided on Tue Mar 17 & Tue Mar 24 @ 10:30 am at IJA
- Please copy presentations to laptop
 - Will post, let Carly know whether password-protection is required (very easy to do either way)
- Measurements end 12:01 AM on Friday 27-March
- Ongoing data compilation (later)
 - Discuss "master plots" and web table
 - Gases and meteorology for both sites
- Web site for campaign photos? (volunteer? → P DeCarlo)

Order of presentations
