

UPC lidar: First measurements

Michaël Sicard, Nadzri Md Reba, Sergio Tomás, Adolfo Comerón,
Francesc Rocadenbosch, Constantino Muñoz

Remote Sensing Laboratory (RSLab)
Dept. of Signal Theory and Communications (TSC)
Universitat Politècnica de Catalunya (UPC), Barcelona (Spain)

msicard@tsc.upc.edu

March 17th, 2009

Third DAURE Science meeting

21 30-min. meas. made so far

Time (UTC)	February 2009								March 2009																						
	25	26	27	28	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27
8:00																															
9:00								8:57	9:31																						
10:00								10:13	10:46				2nd SM			10:33					3rd SM								4th SM		
11:00								10:40								11:04	11:13														
12:00																															
13:00																															
14:00																															
15:00																															
16:00																															
17:00																															
18:00																															
19:00																															
20:00																															

- 30-min. measurements (the starting time is indicated)
- Shorter measurements (problem during the acquisition)
- Science Meeting

March 17th, 2009
