

CU @ Boulder AMS "MISSION TO STORM PEAK"

COLORADO STORY

Or Homage to "What's the AMS Up To These Days?"

Beautiful sunset,
and a perfect time
for a young AMS
to go skiing...

AMS slowly
climbs, to reach
its top
destination:
Storm Peak Lab!

Nice photo for long memory:
our beloved AMS coming
back from long skiing day,
with panorama in the
background. Aerodyne
family will love this photo!.

CU AMS*

Uh, it has been
a long day, and
our AMS is
tired; we better
help with
transportation!

*And if anyone dares to think youngsters in
Jimenez Group are having too much fun
... No worries, our bien jefe Jose is
keeping us quite busy!*
